My dear Mr. [illegible]

I have just received your letter of the 11th inst. and am glad to hear from you. I am well and hope this finds you the same.

I have been thinking much of late about the future of our country and the state of our Union. It seems to me that we are passing through a critical period in our history.

I am sure that the people of this country are capable of doing great things, but they must be united and have a common purpose. I hope that you will be able to do something to help our country in this time of need.

I am, dear Mr. [illegible], very truly yours,

My dear Mr. Garrison

I have just received your letter of the 14th inst. and am glad to hear that you are so interested in the cause of the colored people. I am sure that your efforts will be successful.

I have been thinking much lately of the position of the colored people in this country. It seems to me that they are being treated as a second class citizen, and that they are being denied the rights which are due to them as human beings.

I am sure that you will do all in your power to help them. I am sure that you will be successful.

I am, dear Mr. Garrison, very truly yours,

Wm. Lloyd Garrison
